

2010 Build Nebraska Awards

The inaugural 2010 Award Program was a success. There were 20-plus entries in four categories. Each submitted project was judged by a jury team of four professionals. A video presentation, produced by Ron Petsch, featured the top two point earners in each category. Kris Young announced the Honorable Mention project and the Winning project for each category and presented plaques to representatives from each member firm.

New Construction projects included any completed project of a traditional vertical structure using any project delivery system UNDER \$5 MILLION.
