

JEFFERSON COMMUNITY HEALTH & LIFE PT RENOVATION

Client: Jefferson Community Health & Life

Location: Fairbury, NE

Davis Design

Size: 6,300 SF

Services: Construction Management

Industry: Healthcare

Project Summary:

Beckenhauer Construction is completing a \$5.5 million, approximately 6,300 SF expansion and renovation at Jefferson Community Health & Life in Fairbury, Nebraska. The project will expand the physical therapy department with modern treatment spaces, including a dedicated area for pediatric therapy, while updating the existing fitness center locker rooms and activity court. A new direct entrance from the parking lot will also improve access to the fitness and therapy areas. The improvements will provide a more modern, accessible facility to better support patients, families, and community members.
