

KEARNEY COUNTY HEALTH SERVICES

Client: Kearney County Health Services
Completed: August, 2013
Location: Minden, NE
Size: 52,428SF
Services: Construction Management
Industry: Healthcare

Project Summary:
This was a multi-phase, multi-year renovation and addition project. Phase 1 began with a Mechanical and Electrical system upgrade, fire sprinkler installation, and miscellaneous Fire Marshall upgrades to the OR and CT room. Phase 2 included 10 new in-patient rooms, a new cardiac rehabilitation department, and a new reception and admissions area and entrance. The existing acute care wing was renovated and converted into a two-bay emergency room with waiting area, four out-patient exam rooms and two out-patient physician offices, a pharmacy area, nurses' station and procedure room.
