

**Reference from Bob Fuller,
Former Chair of the Clay County Law Enforcement Planning Committee**

When our law enforcement planning committee interviewed firms to serve as the construction manager for a new \$43.8 million jail, Beckenhauer Construction was our unanimous choice. The construction of the building is now underway and thanks to the work of Beckenhauer Construction our county will soon have a state-of-the art law enforcement center housing both the county sheriff's office and the local police department. Our expectation for the work of a CM was very high and Beckenhauer has performed to those expectations extremely well. It has been a pleasure to work with them.
