

OUR SAVIOR LUTHERAN CHURCH

September 9th was a day of celebration and sadness as the members of Our Savior Lutheran Church began the journey from their former building to their new facility.

This process began nearly three years ago as the congregation began negotiations to buy the former Eagle Distributing building. Eighteen months ago the sale was finalized and design work began.

BUMPER STICKER HUMOR

No one is listening until you make a mistake.

I used to have a handle on life, but it broke.

I'm not a complete idiot-some parts are missing.

Age is a very high price to pay for maturity.

I doubt, therefore I might be.

My life has a superb cast, but I can't figure out the plot.

My opinions may have changed, but not the fact that I am right.

It doesn't matter what temperature a room is. It is always room temperature.

Sarcasm help keep you from telling people what you really think of them.

Repetition is always better the second time.

Q: What did the first sock say to the second sock in the dryer?

A: I'll see you the next time around!

Q: Why did the golfer have an extra pair of pants?

A: In case he got a hole in one!

Q: What kind of ties can't you wear?

A: Railroad ties!

Q: How do you warm up a room after it's been painted?

A: Give it a second coat!

Q: What shoes should you wear when the basement is flooded?

A: Pumps!

Q: What's the biggest problem with snow boots?

A: They melt!

Q: What clothing does a house wear?

A: Address!

Q: What did the shoes say to the hat?

A: "You go on a head—I'll follow you on foot!"

Q: Why was the belt arrested?

A: Because it held up some pants!

QUICK TIPS

Outdoor lighting is a beautiful way to update your home's appearance, but take care not to up your energy bill with these lights. A typical 100-watt floodlight used six hours per day can cost up to \$40 in electricity costs. Instead replace outdoor lights with compact fluorescent versions or upgrade to LED lights. You'll cut your energy costs by over 80 percent, and these bulbs can last up to 10 years.

If you are putting your house up for sale, you may be looking for ways to update it to get a better selling price. But surprisingly, the number one thing you can do to increase the value of your home is simply clean it. Prospective buyers notice a dingy house and can be turned off by that. Decluttering and cleaning makes your home feel clean and welcoming, which can help sell it quickly and for the best price possible.

Everyone gets hit with a craving for sweets every now and again. In fact, some people find that their sweet tooth gets going every day. If you are trying to lose weight, this can end up being your downfall. But to combat this, you don't have to give up all sweets. Simply opt for fruit instead of candy or cake every time you have a sweets craving. If you foster this habit, soon it will be easy to manage this type of craving.

The average life of a cell phone is 18 months--not because it quits working, but because people upgrade to newer models rather quickly. That means lots of phones are discarded each year. To recycle your phone instead, you can donate it to one of the many charities that collect used cell phones. They will repurpose it for use by others, refurbish it and sell it to raise money, or will contract with a recycling company to extract the metals and plastics in your phone.

One of the best things you can do to improve your nutrition, help lose weight, and save money is to cook your food yourself. When you eat out at a restaurant, you have limited information about what has gone into your food. Prepared food is usually loaded with extra fat, calories, and carbs. When you cook at home, you can control what goes into your meals, limiting your fat and calorie intake. As a bonus, you'll save money, as cooking for yourself is cheaper than eating out.

Name that 80s Movie!

Trivia Quiz: Movies from the 80s
