Mr. Buster Beckenhauer  
Beckenhauer Construction  
1901 Riverside Boulevard  
Norfolk, NE 68701

Dear Buster,

I would like to take this opportunity to say thank you for a job well done. Having been the construction manager for our Justice Center project, your company and employees have done an outstanding job.

With the Jail and Justice Center being a two phase build and a very complicated construction project, we are extremely pleased with our facility. Bill Barritt, Joey Thoene, and Carl Gibbs have been very dedicated and accountable for this project. I think the way to find out if you have a good CM is to see if there is ownership with the project. You and your employees have had ownership and a sense of pride in what you have done for us.

This has been a very attention-to-detail project with the construction of a detention facility. With that in mind, we have developed a close working relationship with you and your employees and gotten to know each other. I have to tell you that I am very impressed with the dedication, sincerity and experience you and your staff bring to the table. What a remarkable crew of people you have put together to work for you.

This project spanned a period of over 5 years that we worked together. In that length of time you get to know someone pretty well, and I am pleased to say that your company and employees exceeded all expectations that we had. Never having done a project this large, it was a huge learning experience for me. Your staff took the time to make sure that we understood what to expect from the construction industry.

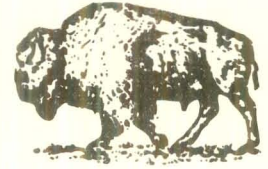

I feel very fortunate to have had an opportunity to get a new detention facility and very grateful to have had your company turn our dream into a reality. It is for these reasons that I would highly recommend Beckenhauer Construction to anyone with construction needs. If you can successfully do a project this large and complicated, I believe you can do about any project big or small.

Again, thank you for all that you and your staff have done on a very successful project.

Sincerely,

Neil A. Miller, Sheriff
