*Mr. Lowell "Buster" Beckenhauer Jr., President
Beckenhauer Construction Company
P. O. Box 882
Norfolk, NE 68702-0882*

Dear Buster,

It has been a privilege to work with Beckenhauer Construction. You have made the dream of our Family Life Center with a gymnasium and classrooms a reality. The professional manner in which your construction team worked with us was commendable.

A special thanks goes to Brian Hergott, Project Manager, and Terry Sparks along with Mark Riley for their excellent help. Their teamwork and effort has resulted in a beautiful and functional building. The construction management process was very successful for our project and is to be highly recommended.

We were very pleased with the work done by Beckenhauer Construction. We would highly recommend them to others considering building or remodeling in the future.

Because of Calvary,

Pastor Arin Hess
