Dear Buster,

I would like to take this opportunity to express my thanks to you and your company for your participation in our recent x-ray room addition. I would personally like to thank Brian Hergott and his crew for a job well done. I was very impressed on how quick he made things happen especially when some of our requests were not so clear.

When having two different companies at the same time, one trying to build an x-ray room and one putting an x-ray machine in, and still seeing patients during these activities, one would think that it would get complicated. With Brain and the other subcontractors the atmosphere was a professional one which is highly appreciative especially during patient hours.

Again, thanks so much for your enthusiastic participation in our x-ray room addition. I have no doubt that it would not have been the success that it was without your company's presence. The room looks great.

We appreciate all your efforts. Thank you.
Very sincerely,

Randy D. Barnes D.C.
