Dear Lowell,

I wish to extend my sincere appreciation to your company and its people on the construction of the city's second fire station. Beckenhauer Construction made a commitment to the citizens on Norfolk and you delivered. I was very impressed with our Project Manager. Brian was a true pleasure to work with. He was able to create an atmosphere of professionalism and teamwork. The subcontractors seemed to work well together with a common purpose of providing a timely and functional product. I was pleased with Brian's ability to provide quality customer service and to answer our questions or conduct the research to answer our questions when needed.

The fire station is a welcomed addition to our community and will serve the communities' emergency needs for many years to come. Thank you again for your company's dedication to a job well done.

Sincerely,

Shane G. Weidner
Fire Chief
