Beckenhauer Construction
1901 Riverside Boulevard
Norfolk, NE 68701

Greg:

We are excited that the Norfolk Senior High additions and renovations are completed. The school looks great and I have heard many positive comments from community members who have visited. I appreciate your help in facilitating the project and your willingness to make the changes we requested.

I'll be honest with you that I had great concerns for how we could complete this project in such a short time frame.

As we wrap up I can tell you that not in my wildest dreams did I ever think the project would go so smoothly. Jim Bargaen has been outstanding! He has demonstrated, time and time again, his concern for us. He communicated with us as needed, was responsive to our requests, and very flexible. I have saved everyone of his weekly updates with the photo's attached. What a great communication tool and historical document. Jim's work with the sub-contractors, our maintenance staff, our Central Office personnel, the inspectors and the teachers has been extremely professional.

I truly appreciate your efforts as the project has come to the end to make sure we are completely happy. Your diligence with the sub-contractors to finish the job right has been awesome.

Again I would like to thank the entire Beckenhauer team for a job well done and wish you the best in the future. If I can be of any future assistance please let me know.

Sincerely,

Stephen Morton, Principal
