October 31, 2011

To Whom It May Concern:

The Boone County Board of Commissioners is pleased to recommend the services of Beckenhauer Construction, Inc. We worked directly with Joe Beckenhauer, Project Manager, on the Boone County Courthouse renovation project. We have been very pleased with their services and renovation work they have done for the County.

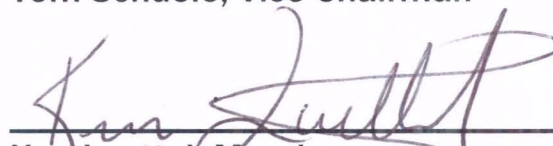

They do an excellent job, always informed the Board of the progress and presented change orders when there was a discrepancy with the original project plans. Beckenhauer Construction was timely with the remodeling and on budget with their project proposal. We recommend them without hesitation. We would hire them again if given the opportunity.

Sincerely,

Boone County Board of Commissioners

  
Jerry Lynn Tisthammer, Chairman

  
Tom Schuele, Vice Chairman

  
Ken Luettel, Member
